STICK TO SCHOOLS Y.M.C.A. SLOGAN

Tell Pupils Advantages of Returning to School Next Session

TO FOLLOW UP WORK

The Program For This Proposition is Fostered by Educational Committee of Y. M. C/A.

"Stick to school" is the slogan of the Y. M. C. A. for the boys and girls of Alexandria, and the educational committee of the Association is just now conducting a campaign in the schools with the hope of getting every possible youngster back in school in the fall. The Y. M. C. A. is the pioneer and has every reason to urge boys and girls to "stick to school" and not have to seek night school training later in life.

Wednesday at the assembly period at the high school, Doctor C. C. Kress, medical officer at the naval torpedo plant, spoke on the subject, "stick to school" from the standpoint of a professional man; and Mr. J. H. Trimyer, sales manager of the W. A. Smoot and Co., spoke on "stick to school," from the standpoint of a business man. The men were given a real ovation by the student body and there was every evidence that the talks made a splendid impression.

In the afternoon Dr. J. L. Allison, pastor of the 2nd Presbyterian Church and Mr. Trimyer spoke to the sixth and seventh grades at the Washington street school, while at the same time Dr. Kress and Dr. E. V. Regester, pastor of M. E. Church, South, were speaking to the same grades at the Lee school for girls. The men were well received at both places and Dr. Allison asked for a show of hands of all boys that would promise to return to school in the fall, and received a 100 per cent. reply.

Yesterday afternoon Mr. Trimyer and Secty. Wallace of the Y. M. C. A., spoke to the same grades at the Lee school, and M. L. Dinwiddie, Cashier of the Citizen's National Bank, and Dr. Kress spoke to the boys at the Washington school. William Campbell, chairman of the educational committee of the Y. M. C. A., says that work will be followed up next fall and the intention is to see that every youngster possible "sticks to school."

Jas. W. Kight, state director of educational work for the Y. M. C. A. has just visited the local association and expressed himself as well pleased with the work of the educational committee of the Alexandria Y. M. C. A. William Campbell is chairman of the local committee and at a recent meeting the committee considered the free service or scholarships offered ex-service men.

The local committee is handling the funds allotted by the war work council for Alexandria, Alexandria county and Fairfax county. One young man, of Falls Church, has already been granted a free scholarship of one hundred dollars and is now attending Washington Business High School, and the committee hopes to be of service to more of the soldiers throughout the county.

Mr. Campbell stated that the committee has four applications for scholarship by Alexandria ex-service men and these are now being considered by the committee. A decision will be rendered on them in a few days, but should they all be allowed by the committee only a small portion of the amount at the disposal of the committee would be used.

The chairman of the committee is anxious to have it understood that funds for the benefit of all men who have seen service and any of them desiring to take additional training along any line can call at the office of the Y. M. C. A. in the Westminster building or address the committee in care of the Y. M. C. A. and their case will receive conscientious consideration and assistance rendered if at all possible

NOTICE

On and after June 1st, 1920, all the leading retail stores of the city will be closed at 7 p. m., with the exception of Saturdays.

RULES "POCKET VETO"

Ten Days Allowed Wilson to Pass on Measures Recently Passed

The Presidential "pocket veto," which tradition has held acts automatically to kill legislation upon which the President fails to act before the adjournment of Congress, has been ruled invalid by Mitchell Palmer, Attorney General.

At the request of the White House, the Attorney General in an "informal" opinion yesterday decided that the President has ten days in which to act after a bill is presented to him, whether or not Congress remains in session.

JOHNSON WINS OUT ON THE PLATFORM

Compromise On Treaty Bridges Chasm That Divided Party

LEAGUE CONDEMNED

Way Now Cleared For Nomination With Conservatives Swinging to Charles E. Hughes.

Chicago, June 11.—The first session of the convention yesterday lasted but 20 minutes, but during that short time the delegates and visitors suffered from oppressive heat.

Outside on the lake front, there was a brisk breeze, but within the hall it was converted into lethargic puffs that seemed to come from a furnace, and by the time Chairman Lodge rapped for order the huge crowd was moist, flabby and full of despair. It was a roasting that probably broke all records, even including the record of the Democratic convention at Baltimore, in 1912.

In the presence of such physical discomfort all genuine enthusiasm was impossible, but nevertheless the crowd was disinclined to miss a show, and so it roared a heavy "No" when Senator Lodge put the motion to adjourn. But the appeal from the galleries to the delegates settled it, and at 12:40 the gave fell.

Exactly one quarter of the 20 minute session was occupied by the invocation of Cardinal Gibbons. His Eminence was there to say a few words for earthly ears, and the surge mob, for all its discomforts, heard him very patiently.

The treaty plank of the platform put the Republicans on record for "agreement among the nations to preserve the peace of the world" and declared the covenant for the League "signally failed" to accomplish peace.

The plant further declared that the League covenant "repudiated to a degree wholly unnecessary and unjustifiable" the policies of Washington and Monroe.

"The unfortunlate insistence of the President upon having his own way without any change," the plank declared, required Senators to vote tehir own judgment "or submit to the demands of a dictator."

The plank also approved the course of the Senators acting in opposition to the covenant, and pledged the Republican administration "to such agreement with the other nations of the world as shall meet the full duty of America to civilization—without surrendering the rights of the American people to exercise its judgment and its power in favor of justice and peace."

The foreign relations plank was the last of the platform and the peroration declared that the Republican party had ability "to fulfill our world obligations without sacrificing our nationa honor."

EARLY CLOSING

Bendheim's and Swan Bros., to Close An Hour Early During Summer Months

The stores of Bendheim's and Swan Bros. will close every afternoon starting June 14, at 5 p. m. On Saturdays the stores will rmeain open as usual.

This move is one agreed to by the management of both stores as the one best suited to please the employees. Last year when the stores closed on Wednesdays a half day. Some suggestions were offered that inasmuch as the move was for the accommodation of the employees, that they would prefer geting off an hour earlier each day instead of one afternoon. But as all stores had decided upon the half holiday, it was thought best to start this movement this year.

It is thought that the other stores in various lines will arrange their hours to correspond. The only change in nthe hour of the store will be the closing hour as the opening hours 8.30 a. m., will remain in effect.

MEETING TONIGHT

City Council to Take up Increase Rate for Electricity

An adjourned meeting of both branches of city council will be held at 8 o'clock tonight for the purpose of taking action on the proposition of the Alexandria County Lighting Company which company seeks permission to increase its rates for electricity owing to the greatly increased cost of production.

At a meeting held last Tuesday night the question came up for consideration and council after hearing statements made by various persons interested postponed action until tonight.

A statement to the citizens of Alexandria in reference to this matter, made by the Alexandria County Lighting Company, will be found on page two of this issue.

FREIGHT JAM IN POTOMAC YARDS

Filled With Carloads of Vegetables for Cities

TO BE RECONSIGNED

Merchants, Terminal Officials and Others Will Meet Today to Discuss the Situation.

Unintentionally the nation wide freight jam may make food cheaper in Alexandria and nearby cities. The Potomac yards are full nearly to capacity, with carloads of vegetables awaiting reconsignment to other points. The delay is so great much of the food may be sold hereabouts The effect of this condition was felt yesterday in Washington when prices took a decided drop. A conference will be held today at which members of the treminal committee merchants and officials produce organizations will attempt to devise means of speeding up the traffic and preventing a tie up.

Attention was called to the condition in a statement made public yesterday that in 24 hours 57 cars of perishable produce had arrived at the Potomac yards to be held there for consignment. This was in addition to shipments having a definite destination.

Cars containing perishable fruit and vegetables, which are held in the Washington yards, in addition to occupying space, place a further strain upon the facilities of the yards, because they have to be refeed daily, which necessitates a great amount of switching.

The normal number of cars handled each day in the Potomac yards is 3,000 and during the past few days this has been increased by about 700 cars, the additional number being made up entirely of cars containing perishable produce.

On two days the total reached more tha 4,000 cars, which is close to the limit of the capacity of the yards. Inasmuch as the peak of the movement of perishable produce has not yet been reached, no serious congestion is threatened. Some of the cars are allowed to remain in the yards for as long as three or four days before being reconsigned.

So far the situation has not interfered with the movement of produce into Washington, according to statements of both the railroad authorities and merchants.

MINSTREL PERFORMANCE

Will be Given June 18th for Hospital Ambulance

The committee representing the ladies of the Alexandria Hospital and members of the Seminole Players Association met last night at the home of Mrs. Reid, and selected Friday evening, June 18 as the evening on which to present the big minstrel show for the benefit of the ambulance fund.

The meeting was largely attended and much interest was shown and it is hoped that enough money will be realized from this performance to make th ambulance a sure thing for the Alexandria Hospital.

A city the size of Alexandria and with the fine equipped hospital and staff of doctors and nurses, deserves an ambulance and the citizens and organizations should back this entertainment and see to it that an ambulance is procured for the city.

The Seminole Players should be commended for their kindness in offering their services and time without any charge and those interested feel that by the help which the Seminole Players will put in this drive that the ambulance will be purchased in the very near future.

The ladies interested in the welfare of the hospital will begin a canvas in the next few days to sell tickets for the minstrel and it is hoped that every person interested in the city will purchase at least one ticket and by so doing they will be helping the cause.

Reserved tickets will be placed on sale at Mr. E. Warfields drug store and some can be secured any time after Saturday, June 12.

The Seminole Players will begin their rehearsal in the Young Peoples' Building on Monday night June 14, at 7:30 p. m.

DREADNAUGHT CARNIVAL A GREAT SUCCESS

The Dreadnaught Athletic Club held its athletic carnival Wednesday night which proved to be a great success Many of our fans turned out to witness a most enjoyable evening. The first attraction on the program was a three round, two minute boxing match between "Johnny" Bergin former member of the Dreadnaughts now in the U. S. Navy, stationed at the Naval Torpedo Plant, and "Kid" Blunt, of Alexandria, Bergin won the decision by outpointing Blunt.

The second attraction of the evening was a finish wrestling match between "Billy" Crouch, member of the Dreadnaughts and L. A. Brookes, of Charlottesville, Va., for a finish match for the best two out of three falls. Brooks won the first fall over Crouch in eight minutes, but Crouch won the second fall in eleven minutes and also the third fall in two minutes, therefore winning the decision over Brookes for the best two out of three falls.

Master Talbott Haslett sang a solo entitled "Mother Machree" and also "Daddy."

The third event of the evening was the fifteen minute wrestling match between Jack Tullock and Jimmy Lucas, both members of the Dreadnaughts. This match seemed to satisfy the fans very much, for both of the youngsters were like lightning through out the entire match, there was no decision.

The last event of the evening was the wrestling match between E Cornel of the Dreadnaught Athletic Club and Young Howard of Alabama for the best two out of three falls. The first fall was awarded Cornell in elever minutes, the second fall given Cornel in fourteen minutes, therefore winning the decision.

Mr. Howard Loverin, of the Dreadnaught Athletic Club was referee.

Mr C. E. Hantzmen, of Dreadnaught Athletic Club was timekeeper

To The Citizens of Alexandria

The present lighting rate of the Alexandria County Lighting Company is:

Twelve cents net for the first kilowatt hour used per month.

Seven cents net for each additional kilowatt hour used per month.

This rate was fixed in 1906, when the City of Alexandria awarded the lighting franchise to the lowest bidder for same, after a public advertisement asking for bids, and after the City had had the advice of an eminent lighting expert from New York.

After fourteen (14) years of service to the Citizens of Alexandria at this rate, the company now asks an increase of rate swhich averages twenty-three (23) per cent.

The company has compiled and submitted to the City Council a detailed statement showing the increase in the cost of everything which enters into the manufacture of electricity. As a basis for this comparison, the company took the current prices for 1913 and the current prices for 1919.

This comparison shows an increase of from thirty-five (35) per cent to two hundred and seventy-five (275) per cent, exclusive of supplement increases in coal.

If the increase asked for is granted by the City Council, the company's revenue from this source will be increased $16,203.00 per year.

Since the company filed its application with the City Council asking for an increase, it has been compelled to buy its coal for the next year at an increase of $27,000.00 over what it paid for coal last year.

THE CONTRACTS FOR THIS COAL HAVE ALREADY BEEN SIGNED BY THE COMPANY.

If the increase is granted by the City Council the cost of electricity per day to the smaller consumer, whom Mr. Carlin claims will be grossly discriminated against, is set forth in the following table:

Present Rate			Proposed Rate		
Number of Customers	Average Monthly K. W. H. Consumption	Monthly Revenue (net) Per Customer	Monthly Revenue (net) Per Customer	Increase Per Month	Increase Per Day In Cents
292	5	(Min.) $1.00	$1.00	.00	0.00
570	15	1.10	1.71	.61	2.03
225	25	1.80	2.47	.67	2.23
143	35	2.50	3.23	.73	2.43
98	45	3.20	3.99	.79	2.63

The net profit from the company's business in Alexandria City for 1919 was 2.97 per cent on the actual cost value of the company's properties, figuring the depreciation as allowed by the Virginia State Corporation Commission.

In his communication in Thursday's Gazette, Attorney C. Keith Carlin stated that the Company was endeavoring to obtain an increased rate of a dollar for the first 5 K. W. H. and 8 cents for all succeeding K. W. H. up to 200.

The company's schedule for increased rates filed with the city council provides for a minimum charge of one dollar per month which entitles the customer to 5 K. W. H. of energy; and a rate of 8 cents for all succeeding K. W. H. up to 305.

The new rate asked for by the company then drops to 7 cents for the next 500 K. W. H., and again drops to 6 cents for the next 800 K. W. H., and asks for 5 cents for each K. W. H. used per month in excess of 1605.

Mr. Carlin's entire communication is full of such inaccurate statements.

Under the new rate, the 292 smallest customers who do not exceed the minimum rate of one dollar will benefit by a decrease of 5 cents per month on their bills.

The next 570 customers whose bills average $1.10 per month under the present rate will be increased to $1.71, provided they pay their bills on or before the 10th of the month succeeding. This class constitutes the bulk of the smaller consumers. The increase amounts to 61 cents per month or 2 cents per day. The next class of 225 customers whose present bill is $1.80 per month, will be increased to $2.47 per month, provided they pay their bill by the 10th of the month succeeding. This increase will amount to 67 cents per month or less than 2 1-4 cents per day.

Mr. Carlin states that the burden of the increase will be borne by the small consumer.

This statement is inaccurate as the following table and explanation will show:

A Customer Using 15 K. W. H. Per Month		A Customer Using 495 K. W. H. Per Month		A Customer Using 1165 K. W. H. Per Month	
Pays For:		Pays For:		Pays For:	
First 5 K. W. H.	$1.00	First 5 K. W. H.	$1.00	First 5 K. W. H.	$1.00
Next 10 K. W. H. @ 08	.80	Next 10 K. W. H. @ 08	.80	Next 10 K. W. H. @ .08	.80
		Next 290 K. W. H. @ .08	23.20	Next 290 K. W. H. @ .08	23.20
		Next 190 K. W. H. @ .07	13.30	Next 190 K. W. H. @ .07	13.30
				Next 310 K. W. H. @ .07	21.70
				Next 360 K. W. H. @ .06	21.60
Or a total bill for 15 K. W. H.	$1.80	Or a total bill for 495 K. W. H.	$38.30	Or a total bill for 1165 K. W. H.	$81.60
Cash discount	.09	Cash discount	1.38	Cash discount	1.81
Net bill	$1.71	Net bill	$36.92	Net bill	$79.79
Average cost per K. W. H.	$.114	Average cost per K. W. H.	$.0746	Average cost per K. W. H.	$.068

Both the small and the large customer pay exactly the same rate for such portions as they use.

Both the small and the large customer will pay the same rate for the same amounts used per month.

Both the small and the large customer pay an average rate per kilowatt hour based on the quantity they consume divided into the amount they pay.

Naturally the average cost therefore is less for the larger user for the reason that he has used so much more as to buy it for the decreasing rates provided in the new rate applied for.

All customers can purchase under these lower figures for the reason that it naturally costs less to deliver a large quantity in one place than a number of small quantities in many places.

Mr. Carlin further says "that they (the company) can afford to furnish power at a rate as low as one cent per K. W. H., Yet their "F" rate for power today is 7 cents per K. W. H., which is the maximum authorized."

The company's "F" rate for power provides for a charge of 7 cent for from one to sixty K. W. H. per month, and then decreases to a minimum of 1 3-4 cents net per K. W. H. This "F" rate is for all power users up to wholesale users. In the wholesale class the company's rates go as low as 8 mill sper K. W. H.

Mr. Carlin further says that under the new ordinance the company would be "left free to make separate contracts with every individual user of current for heat and power purposes and to make the best bargain it can."

The company's power rates have always been under the strict supervision of the Virginia State Corporation Commission, and before putting any power rate into effect, the company, by law, is required to file a statement of such rate with the State Corporation Commission and obtain the Commission's approval of same in exactly the same manner as the railroad companies are required to get the Commission's approval of a new freight rate before same goes into effect. Under the law the company is not permitted to discriminate in its rates by "making the best bargain it can," as suggested by Mr. Carlin.

Mr. Carlin says that the company stated that its proposed rates will be lower than in Charlottesville.

What the company did say was this: That Charlottesville's present rates are higher to all consumers using from 20 K. W. H. to 200 K. W. H. per month than the increased rates now asked for by this company.

Mr. Carlin also says that the company stated that its proposed rates will be lower than the Richmond rates.

What the company did say was this: That to all customers using 40 K. W. H. the rate would be the same, and to all customers up to and including 100 K. W. H. the Richmond rates would be higher.

Richmond's plant is partly water-power, and the water power plant can turn out current at least 60 per cent cheaper than a plant depending entirely upon coal.

Richmond's population, according to the 1910 Census, is eight times that of Alexandria.

Mr. Carlin says that the company misrepresented the facts when it stated that its proposed rates for Alexandria will be lower than in Norfolk, Petersburg and Portsmouth.

What the company did say was that the rates for Norfolk, Petersburg and Portsmouth were the same as those given for Richmond, as above.

Mr. Carlin states "that the company has something to conceal is evident from the reluctance with which

THE FARMER'S CREED

In these days when so many people born and reared in the rural sections of the country are disposed to allow farms to grow weeds while they, the natural tillers of the soil, are burying themselves in city pasttimes and ready to resort to any expedient in order to remain away from their country homes, the following from a writer in the Kansas Industrialist is in season:

1. I believe in red clover, in white clover, in sweet clover, in cowpeas, in soybeans, and above all, I believe in alfalfa, the queen of forage plants.
2. I believe in a permanent agriculture, in a soil that grows richer rather than poorer from year to year.
3. I believe in 60 bushels corn and 40 bushels wheat and shall not be satisfied with less.
4. I believe that the only good weed is a dead weed, and that a clean farm is as important as a clean conscience.
5. I believe in the farm boy and the farm girl, the farmer's best crop and the future's best hope.
6. I believe in the farm woman, and will do all in my power to make her life easier and happier.
7. I believe in the country school that prepares for country life, and in a country church that teaches its people to love deeply and live honorably.
8. I believe in community spirit, a pride in the home and neighbors, and I will do my part to make my own community the best in the State to live in.
9. I believe in better roads, and I will use the road drag whenever the roads are ready for it.
10. I believe in happiness. I believe in the power of a smile, and will use mine on every possible occasion.
11. I believe in the farmer, I believe in the farm life, I believe in the inspiration of the open country.
12. I am proud to be a farmer, I am proud to be a member of a farm bureau, and I will try earnestly to uphold the worthy name.

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel billious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

THE VITAL ISSUE

Unless all signs fail, the thing that will interest the common man most next fall and winter will not be the crop of politicians chosen to raise cain in Washington, but the crop of food that has not been raised outside says a cotemporary. "The heart of the world may or may not be broken by what happens when the ballots are counted, but the stomach of this country may receive a premonitory pain when the farmer comes to count his returns from the ballot boxes of the soil.

"We are getting reports already from the wheat districts, which are always the first to announce results. Despite an improvement of 19,000,000 bushels in winter wheat prospects during May, and an indicated increase of 68,000,000 in the expected spring crop, the total wheat production for 1920 is estimated by the Department of Agriculture at 160,000,000 bushels less than that of 1919. It is true that the anticipated total of 781,000,000 bushels does not suggest a famine shortage, but it does suggest that wheat flour and wheat bread may be dearer, if not scarcer.

"The decrease in the wheat crop might not signify so much, if a shortage in other food staples were not threatened. The reports of reduced farm acreage come from numerous sections. Many farmers have been compelled to plant less than usual because they have not been able to secure or pay for the necessary labor [illegible] even what has been planted may not be reaped, if the labor shortage is not met. Several of the farm organizations of the country regard the situation as so critical that they have called the President's attention to it, and have suggested as a remedy during harvest periods the cessation of work on public projects by the Government the States and the municipalities and the distribution in agricultural areas of workers thus released. If something is not done, they predict still higher food prices, and declare breadlines and food riots are not beyond the possibilities of the next twelve months."

DEMPSEY VS. UNCLE SAM

Jack Dempsey is now engaged in a prize fight with Uncle Sam which he will find a little more difficult to win than his battle with Willard. He escaped military service during the war on the claim that he had dependent relatives to support, and in his trial at San Francisco the government is introducing testimony to show that he made false answers to his questionnaire.

Dempsey in the prize ring has gained the reputation of a fellow who doesn't dodge. If he lied and dodged during the war, he should be made to take his punishment now. A slacker is not a champion of whom even the most brutal devotees of the prize ring can be proud. Men of the Bergdoll type were mean enough. But they made no pretense to courage. Alleged "fighters" who cannot face death for their country are a disgrace even to their vocation. Fake "heroes" of the baser sort have no place even in the subcellars of the halls of temporary fame.—(Baltimore Sun.

LOYAL TOBACCO BELT

Motion in General Synod Proposing to Discontinue Use of Weed Defeated, 61 to 26

Atlantic City, N. J., June 11.—The use of tobacco will not be sacrificed for the church by the clergymen of the General Synod of the Reformed Churches of America, the ministers decided at the closing session of the synod here yesterday.

A resolution, introduced by the Rev. J. Garland Hammer, Jr., of Belleville, N. J., purposing that the clergymen give up the weed in order to make their church contributions more liberal was defeated, 61 to 26.

MOVING PICTURES TOMOROOW

Benefit of St. Paul's S. S. Library Fund

Mary Pickford in, "Captain Kidd, Jr.," will be the feature picture for the fifth and last week of the picture shows for this season. This is an especially fine and entertaining picture and as the star is a universal favorite, with devotees of the screen, no doubt there will be a large audience.

The above picture with a comedy reel, "Busting into Society," will make up a pleasant and interesting evening's entertainment.

Those who have not been attending these pictures, have missed a treat and in order to help a good cause and be pleasantly entertained should come to the pictures on Friday evening, June 11th, at 7.30 p. m., in the Norton Memorial Building.

Scholars of the Sunday School are admitted free. See advertisement in another part of this paper.

Conserve Your Energy With Electricity

Electricity is fast coming into prominence the country over as the greatest and most economical of all labor-savers. It conserves health, strength and energy and on hot summer days, does away with the usual unbearable heat of the kitchen. Your work is done in half the time necessary with the old time utensils and is done better than was possible a few years ago. Let us demonstrate to you.

Hot weather is fan time and although the hot days have been few so far this year, they are bound to come and probably hotter than usual. Place your order with us for a G. E., Robbins and Myers or Westinghouse fan today and be sure of delivery when fan time finally arrives. We carry the most complete stock of these three famous makes to be found in the city.

they supply information."

Answering this reckless misstatement, the company says that each member of the Joint Committee of the City Council on Finance and Light will testify to the fact that this company's representatives repeatedly expressed their willingness to give any expert selected by Council free access to the company's books. Upon his request, Mr. Carlin himself was promptly furnished with all statements which had been given by the company to the above committee.

That the company is convinced of the justice of its cause is evidenced by its expressed willingness to submit the matter to the State Corporation Commission, or to any competent or impartial authority for arbitration in case the City Council is dissatisfied with the proposed increase in rates submitted by the company.

All the company asks is a fair hearing. It submits its case in the confident belief that the City Council of Alexandria as representing the citizens, will accord the company a fair hearing without being swayed in its judgment by reckless, unfair and vituperative statements, or by efforts made by people not residing in Alexandria, to prevent a just increase in rates.

The question of increased rates has been before the City Council for at least a month. All information desired by Council has been gladly furnished by the company. It asks action now, not because it has anything to conceal (as suggested in Mr. Carlin's inaccurate and hectic communication), but because it is losing $1500.00 per month by delay, and cannot function efficiently on its present income. Misrepresentation and abuse of a public service corporation which has faithfully tried to serve the public honestly and efficiently has gone out of fashion, and will, the company is confident, have no effect upon the City Council or upon those citizens of Alexandria who favor a square deal and are sincerely anxious to see our city grow.

INJURED IN RIOTING

Rome, June 11.—Fifty persons, including five royal guards, were wounded in street fighting at Apulia where a general strike has been called in protest against the high cost of living, according to dispatches late yesterday.

Carabineers patrol the streets and machine guns have been placed on all main thoroughfares of the city. All public utilities have been paralyzed, incuding the water and light supplies.

At Treviso, strikers have held up railroad trains on which land owners were passengeres compelling them to sign wage agreements under threats of having their property destroyed.

ILL HEALTH OFTEN DUE TO NEGLECT OF KIDNEYS AND LIVER

The experience of multitudes is sometimes worth more than the wisdom even of the brightest physicians. Hence, if you have liver or kidney troubles, you cannot do better than call upon your druggist for Warner's Safe idney and Liver Remedy.

"About 7 years ago I was so weak and worn out that I could hardly work. After trying other things without relief, I tried Warner's Safe Kidney and Liver Remedy. In a short time the pain left me, my urine cleared up and the rheumatism and dyspepsia vanished. We have used Warner's Safe Remedies ever since with great success in our family." O. F. Rose, Burtonville, Kentucky, U. S. A.

Warner's Safe Kidney and Liver Remedy contains no harmful ingredients and should be used when the kidneys need attention.

Sold by Gibson's Drug Store. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. Rochester, N. Y.

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe idney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its wide-spread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results.

VIRGINIA NEWS

Fire Tuesday almost completely destroyed a warehouse in Petersburg belonging to J. G. Gray and burned a quantity of tobacco valued at $20,000. The loss amounted to $30,000, with only about $2,500 insurance on the building and stock. The fire was one of the most stubborn, and the blaze was fought for more than three hours. The fire men succeeded in keeping the flames confined to the tobacco warehouse.

John Williams, convicted murderer of Policeman Mann in Lynchburg, was taken to the State prison at Richmond yesterday, regardless of teh fact that his execution set for July has been stopped by a writ of error granted by the Supreme Court today at Wytheville.

The monument to Col. John S. Mosby will be unveiled in Warrentown, Saturday, June 19.—The occasion will be celebrated by a procession of school children, cadets, veterans of Mosby's command, patriotic societies, Masons, Boy Scouts, and a pageant representing the Southern States and many of their most famous historical characters. The veil will be raised by Colonel Mosby's granddaughter, Miss Pauline Mosby Coleman, of Washington, who will be assisted by ten other young ladies. The stone is a gray granite shaft, 25 feet high and plain in design. Near the base is a handsome bronze medallion in bas relief representing Col. Mosby, while appropriate bronze inscriptions are on three sides.

Rather than brave the fury of four scorned wives, Claude Hancock, 35 years old, of Chester, S. C., yesterday in Danville pleaded guilty of bigamy in the corporation court and was sentenced to three years in the penitentiary. Before he was sentenced friends were working for a pardon. He has tuberculosis. Hancock is the star of the three bigamists on the corporation court docket, who are charged in all with 10 wives. He is accused of conducting a harem on the approved Turkish plan. Six wives were charged to him in the indictment. The names of two of these were unknown. The remaining four were "on call" in various cities of the South.

Governor Davis yesterday appointed five members of the State Commission on Medical Education in Virginia. The principal purpose of the body is to make investigation and report as to the feasibility of merging the medical department of the University of Virginia with the Medical College of Virginia. The appointees are Dr. Theodore Hough, Charlottesville; Dr. Stuart Mc Guire, Richmond; Dr. Beverly R. Tucker, Richmond; Dr. James A. Dillard, Charlottesville; Dr. Julian A. Burruss, Blacksburg. This commission is to act in conjunction with one appointed by the last General Assembly from its own membership.

His first bicycle ride proved fatal to little 7 year old Harry Kennistone, of Richmond, Wednesday afternoon. The boy was being taught to ride by a chum on North Third Street, and was in the seat of the bicycle when a truck belonging to the Jenkins Bookbinding Co., heavily loaded and weighing about four tons, driven by William White, colored, rouded teh corner, and Harry, who could not control the wheel properly steered straight for the truck, striking the running board of the machine, and being kocked directly in the path of the rear wheel, which passed over his body.

The Court of Appeals yesterday handed down opinions in a comparatively small number of cases, the most important being that of the city of Richmond against James B. Pace, treasurer. This grew out of the construction of a statute in the segregation tax laws, the language being ambiguous. The city attorney held that the language meant that the fees of the city treasurer should be controlled by the implied reading of the act. Counsel for Mr. Pace rejected this, however, and the case was tried in the law and equity court, which decided in favor of Mr. Pace, and today the supreme court upheld that contention. This means retention of the fees to the office of the city treasurer and amounting roughly to about $2,000 a year.

In the Court of Appeals yesterday in the case of Crockett against the Commonwealth, from Alexandria corporation court, the verdict of the jury in a prohibition law violation is allowed to stand. Crockett drew a fine of $1,000 and six months in jail for trafficking in whisky, and he sought to rid himself of the jail term, but the court saw no error in the work of the court below.

An appropriation of one million dollars for missionary and benevolent work in Russia was authorized Wednesday at an important meeting of the Foreign Missions Board of the Southern Baptist Convention in Richmond. The work will be started as soon as possible. It also was decided to greatly enlarge the work in all European fields already occupied, enter several new fields there and to plan a closer co-operation with the Baptists of Europe in carrying out a more effective Baptist program for the evangelism of the world.

Danville's force of ditch diggers struck Wednesday morning when their demand for $4 per diem, an increase of 50 cents a day, was refused. Twenty five men are involve in the strike, which is holding up the making of gas and water connections in several parts of the city. Efforts are being made to recruit a new force of negroes.

October 11 has been fixed as the time for the third term of the case of the commonwealth against Wm. C. Hall one of the prohibition inspectors who figured in the Shenandoah case more than a year ago. This case has been twice tried and the jury disagreed. Three men were involved in the shooting, resulting in the death of two bootleggers, and all have been discharged save Hall, whose bail is reduced to one fourth that first fixed.

Five cases were before the supreme court of appeals at Wytheville term for writs of error and appeal, four of them being refused and one allowed. In case of Harris against the Commonwealth, from Prince William county, where the petitioner was given eight years in the penitentiary for highway robbery, the court allowed a writ of error. The claim is made that the accused was in Atlanta, Ga., at the time the crime was committed, and he was forced to testify by order of the court, the testimony being used to obtain a conviction.

Junk Your Old Washboard

THROW away that old instrument of torture. Forget your aching back, red hands and wash day misery. There's a new way to clean clothes easily. It's the wonderful Clean Easy Way that thousands of women are so enthusiastic over.

Here's the easy Clean Easy Way: Soak the wash overnight. Cut up ½ bar of Clean Easy Naptholeine Wash Soap into 4½ gallons of water. Boil; let the soap dissolve; put in clothes and punch for ten minutes with a stick. Rinse, blue and dry.

What a transformation! Every garment is clean, purified and sterilized. Every speck of dirt, grease—even germs, is dissolved. The fabric is not hurt at all, for there's no washboard to fray the cloth.

It's a marvelous wash soap, this Clean Easy. Every woman who uses it declares it the best worker she ever saw. We would like you to try it. Ask your grocer today. Notice how different Clean Easy looks from other soaps.

STRIKE RIGHT

Gompers Presents Labor Planks, to Resolutions Committee

Chicago, June 10.—The adamant position of labor in defense of the right to strike was put up to the National Republican Convention resolutions committee by Samuel Gompers, aged leader of the American Federation of Labor, appearing before the resolutions committee and presented the planks that labor urges be adopted as part of the party platform.

"You are not going to stop strikes; you are not going to stop men from having hopes of better things," he declared with dramatic fervor. "If you try to do these things you are sowing the wind from which the whirlwind will come. This isn't a threat, but a statement of fact."

Facing the committee which is known to favor some sort of anti-strike plank, Gompers read a detailed platform which labor advocates but it was evident from his speech which followed that the American Federation of Labor has but one thought uppermost—preservation of the right to strike. The committee room was crowded and Gompers was greeted with a scattering burst of applause when he appeared.

THE WAY TO GET OVER the high cost of new shoes is to make your old shoes wear longer and look better while you're wearing them. Our shoe repairing is the open door to shoe economy and service. No sensible person any longer objects to wearing repaired shoes. We've made a science out of it. When we repair shoes, they look and wear like new ones.

Midsummer Hats of Organdy or of Satin

The demureness of spring gives way to the radiance of summer and the pink and white hat blossoms in all its glory.

We have some lovely new blossom-like models of white and pink organdy; some are trimmed in self bows and others are trimmed in flowers to match, at $5.00

Satin Hats in pink and white are also self trimmed, and are very stunning for wear with white or colored summer dresses. Choice $12.50
